

Charging Video

Welcome to NH employment security. This is a short tutorial video is how to use and navigate through the charging section of your home page.

Whether you chose to view your charges from the quick glimpse top section or under charges and Notices, you will be navigated to the same screen.

Viewing monthly charge statements for year to date means for the calendar year. This screen would display all monthly charge statements sent in which you were charged or credited. To view the pdf file, click on the words, which are a hyperlink.

To view all charge statements, including archived documents, click on View monthly charge statements. This option will navigate you to all documents sent to you in which you can filter your choices. To view any document, click on the words, which are the hyper link.

Selecting Charges by claimant – enter the individuals full social security number and click on List benefit years. If you were being charged over different benefit years, they would be listed under the available drop down. Once you have selected the benefit year you would like to review click view charges. Some other examples may show results, of paid, overpaid, your charge amount and if you received a credit for the monies overpaid.

If you had accrued any charges last week, this feature would list all claimant's involved.
